

ENGINEERING.

With a combined experience of over 75 years in the industry Aqueduct Marina has engineers, craftsmen and joiners who can provide you with quality boat maintenance and engineering services (that both you and your boat deserve) giving you more time to enjoy the things that matter most.

GENERAL MAINTENANCE.

Onsite we offer numerous services in general maintenance including: Winterisation, Valeting and Electrical checks. We also undertake repairs to your on-board fittings and equipment including new appliance fitting and restoration tasks.

WINTERISING
FROM £125.00

VALETING
FROM £37.00
(Per Hour)

DE-WINTERISING
FROM £125.00

ENGINES.

We offer a full range of engine services from oil changes through to full engine refits and stern gear work. Engines we service include: Beta, Gardener, Vetus, Isuzu, Canal Line, Barrus, Craftsman, BMC plus many more - just ask!

ENGINE SERVICING
FROM £190.00

HEATING & PLUMBING

Aqueduct Marina has engineers proficient in installing and maintaining all of your water and gas requirements. Our onsite staff are fully conversant with the requirements of safe systems and can advise you on any aspects of your setup.

On completion of any work we can arrange for an independent gas-safe registered engineer to come and check your boat and provide you with a gas safety certificate. Aqueduct can check your existing installation, fit new multi fuel or diesel stoves, the appropriate fireproof surrounds and insulated flues.

ELECTRICS

Aqueduct Marina can arrange for a qualified electrical engineer to carry out small repairs through to full inspections.

ELECTRICAL WORK
FROM £62.00
(Per hour)

FULL INSPECTION
(contact for more details)

*General terms - Prices from **December 2019**. A copy of the full terms and conditions can be provided upon request. A copy of the full service descriptions can be provided upon request All prices include VAT @ 20%.*
